AUTHOR INDEX TO VOLUME 8

Amaducci, S., 303

Christensen, E., 261

Dean, D. A., 281
Dominguez, G. S., 21

Hewstone, R. K., 291

Moolenaar, R. J., 13

Perry, C. R., 5

Shea, E. E., 33
Simeons, C., 1

Wallace, B., 313
Wellenreuther, G., 45

SUBJECT INDEX TO VOLUME 8

American Industrial Health Council (AIHC), contributions to public policy, 13

Biological processes, phosphorus removal by, 81

Chemical addition, phosphorus removal by, 153
Chemical laws, Japanese, 45
Chemical nomenclature, and confidentiality, solution to European Communities problem of, 291

Dangerous preparations:
  developing labels for, 313
  disputes in transposition of EEC directives, with special reference to, 303
Dangerous substances:
  developing labels for, 313
  disputes in transposition of EEC directives, with special reference to, 303
  sources of information on, 1

Environmental engineer, role in small chemical business, 281
Environmental Protection Agency (EPA), U.S., new small volume PMN exemption by, 21
Environmental risk, protecting lenders against, 33
European Communities, chemical nomenclature systems of and confidentiality, 291
European Economic Community (EEC) directives, disputes in transposition of, with special reference to dangerous substances and preparations, 303

Information on dangerous substances, sources of, 1

Japanese chemical laws, 45

Labels, development of, 313
Lenders, protecting against environmental risk, 33

Material safety data sheets (MSDS), preparation, translation, and transmission of, 5

Phosphorus removal, 63
  by biological processes, 81
  by chemical addition, 153
  selecting a strategy for, 65
  sludge handling in, 201
Premanufacture notification (PMN), and EPA's new small volume exemption, 21
Public policy, contributions of AIHC to, 13

Research to Improve Health Risk Assessments (RIHRA) program, 321
Risk communication, 261
Role of environmental engineer in small chemical business, 281

Sludge handling, in phosphorus removal, 201
